The direct radiating floor luminaires of the RUSTY CONE series convince by the exceptional rust look. This is achieved by a special chemical treatment of the FeCSi steel used. This makes RUSTY a unique and absolute speciality for any installation. Rated IP54 it is suitable for outdoor use. The electrical connection of the different versions is made directly to 230V mains supply. Our RUSTY CONE series further includes floor luminaires making it universally applicable. This luminaire is compatible with bulbs of the energy classes: A - A+
